

Attention all members!  
Policy regarding unsigned chits

Effective August 1, 2015 any unsigned chit will be assigned a gratuity of 18% automatically. This policy is being initiated to ensure that our valued servers are appropriately compensated for their good work.

If you don't want this automatic gratuity added to your bill you have three choices:

- 1) Sign your chit before you leave the bar and again after being served in the dining room or deck. In this example you can provide a gratuity as you see fit.
- 2) Pay by cash and leave your gratuity in cash.
- 3) Pay by credit or debit card and provide the tip you feel is appropriate.

We think this policy will work for all concerned. The best policy of course is to sign your chit each time you make charges to your account.

Thank you.
